

## **REMARKS**

This paper is submitted in response to the pending Office Action for the subject application.

In the application are claims 1-17. In the Office Action, the Examiner asserts that the present application contains claims directed to two distinct groups of the claimed invention, Group I (claims 1-11) and Group II (claims 12-17). As required under 35 USC § 121, Applicants elect Group I.

Applicants respectfully submit that a consistent test with respect to what matters are obvious and what matters are unobvious throughout the prosecution of this application should be used. Since a particular standard for patentability is adopted in this case in terms of the election/restriction requirement, Applicants will expect that the same test be used throughout the prosecution of this application or any derivative applications.

Accordingly, after entry of this response, claims 1-11 will be pending in this application, with claims 12-17 withdrawn. Applicant notes that claim 2 is amended to correct a typographical error.

## CONCLUSION

Withdrawal of the Restriction Requirement and allowance of the claims are respectfully requested.
